

Security organization worksheet

Part 1: Describe your security interests
<ul style="list-style-type: none">• Cloud computing security• Incident response• Protection of sensitive data• Raising security awareness
Part 2: Identify three organizations and include their mission or objectives
<ul style="list-style-type: none">• Organization 1: CSA - Cloud Security Alliance<ul style="list-style-type: none">◦ Dedicated to defining and raising awareness of best practices to help ensure a secure cloud computing environment• Organization 2: CISO Executive Network<ul style="list-style-type: none">◦ A peer-to-peer organization dedicated to helping information security, IT risk management, privacy, and compliance executives be more successful• Organization 3: NCSA - National Cyber Security Alliance<ul style="list-style-type: none">◦ Advocate for the safe use of all technology and educate everyone on how best to protect ourselves, our families, and our organizations from cybercrime.
Part 3: Write out which organization aligns with your interests and why
<p>Organization 1: The CSA organization aligns best with my interest in cloud security because it specifically focuses on securing cloud computing environments.</p> <p>Organization 2: The CISO Executive network is catered toward security executives, and I am not on the executive level as of yet. So, that organization would not align with my current role or experience in the security industry.</p> <p>Organization 3: The NCSA organization seems like a good organization for general awareness and understanding but it is not specifically focused on my professional security interest in cloud security.</p>

Best choice for my professional interests: I will research how to join the CSA to help me stay engaged with the security community.
